AMENDED IN SENATE MARCH 27, 2003

SENATE BILL

No. 418

Introduced by Senator Sher

February 20, 2003

An act to repeal and add Chapter 6 (commencing with Section 1600) of Division 2 of the Fish and Game Code, relating to fish and wildlife, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 418, as amended, Sher. Fish and wildlife: streambed alteration agreements.

(1) Existing law requires a governmental agency or public utility that proposes a project that would divert, obstruct, or change the natural flow of, or result in the disposal of debris in, a river, stream, or lake designated by the Department of Fish and Game, to submit prescribed plans and other information to the department, and to follow prescribed procedures. Under existing law, a violation of the Fish and Game Code is a crime.

This bill would revise that proposal process by doing all of the following:

- (a) Define various terms.

(b) Clarify the notification and determination procedure, including prescribing deadlines throughout the process and making it uniform as to all applicants.

(c) Modify the existing arbitration process, including requiring that one arbitration panel member have relevant scientific expertise.

(d) Authorize the director of the department to establish a graduated schedule of fees that may be charged for administering and enforcing the process, and would limit the amount of the fee charged for any agreement to \$5,000.

(e) Require that a holder of an agreement to alter a streambed remain responsible for implementing any mitigation or other measures necessary to protect fish and wildlife resources after the agreement has expired.

(f) Authorize the department to extend the agreement for up to 5 years, and would establish the procedures for that extension.

(g) Authorize the department to issue an agreement for a term longer than 5 years, under certain conditions.

(h) Authorize the department to suspend or revoke an agreement if the agreement holder is not in compliance with the terms of the agreement.

(i) Prescribe the manner in which civil actions are initiated and penalties are determined and disbursed.

To the extent this bill would provide for additional criminal prosecutions for violations of the bill, it would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) Existing law continuously appropriates money in the Fish and Game Preservation Fund to the department to pay all necessary expenses incurred in carrying out the Fish and Game Code. Unless otherwise provided, all money collected under the code is deposited in the fund.

By imposing new duties on the department, and potentially increasing revenues deposited in the fund, the bill would make an appropriation.

Vote: majority. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 1600) of Division 2 of the Fish and Game Code is repealed.

SEC. 2. Chapter 6 (commencing with Section 1600) of Division 2 is added to the Fish and Game Code, to read:

CHAPTER 6. FISH AND WILDLIFE PROTECTION AND
CONSERVATION

1600. The Legislature finds and declares that the protection and conservation of the fish and wildlife resources of this state are of utmost public interest. Fish and wildlife are the property of the people and provide a major contribution to the economy of the state, as well as providing a significant part of the people's food supply; therefore their conservation is a proper responsibility of the state. This chapter is enacted to provide conservation for these resources.

1601. The following definitions apply to this chapter:

(a) "Agreement" means a lake or streambed alteration agreement.

(b) "Day" means calendar day.

(c) "Emergency" has the same definition as in Section 21060.3 of the Public Resources Code.

(d) "Entity" means any person, state or local governmental agency, or public utility that is subject to this chapter.

1602. (a) An entity may not substantially divert or obstruct the natural flow of, or substantially change or use any material from the bed, channel, or bank of, any river, stream, or lake ~~designated by the department in which there is at any time an existing fish or wildlife resource or from which an existing fish or wildlife resource derives benefit, or deposit or dispose of debris, or deposit or dispose of debris,~~ waste, or other material containing crumbled, flaked, or ground pavement where it may pass into any river, stream, or lake ~~designated by the department~~, unless all of the following occur:

1 (1) The department receives written notification regarding the
2 activity in the manner prescribed by the department. *The*
3 *notification shall include, but is not limited to, all of the following:*
4 (A) *A detailed description of the project's location and a map.*
5 (B) *The name, if any, of the river, stream, or lake affected.*
6 (C) *A detailed project description, including, but not limited to,*
7 *construction plans and drawings, if applicable.*
8 (D) *A copy of any document prepared pursuant to Division 13*
9 *(commencing with Section 21000) of the Public Resources Code.*
10 (E) *A copy of any other applicable local, state, or federal*
11 *permit or agreement already issued.*
12 (F) *Any other information required by the department.*
13 (2) The department determines the notification is complete in
14 accordance with Chapter 4.5 (commencing with Section 65920) of
15 Division 1 of Title 7 of the Government Code, irrespective of
16 whether the activity constitutes a development project for the
17 purposes of that chapter.
18 (3) The entity pays the applicable fees, pursuant to Section
19 1609.
20 (4) One of the following occurs:
21 (A) ~~The department notifies~~
22 (i) *The department informs the entity, in writing, that the*
23 *activity will not substantially adversely affect an existing fish or*
24 *wildlife resource. The department shall post the notice for 60 days*
25 *from the date it was issued in the regional office issuing the notice,*
26 *and shall provide a copy of the notice to any person upon written*
27 *request. wildlife resource, and that the entity may commence the*
28 *activity without an agreement, if the entity conducts the activity as*
29 *described in the notification, including any measures in the*
30 *notification that are intended to protect fish and wildlife resources.*
31 (ii) *Each region of the department shall log the notifications of*
32 *activities where no agreement is required. The log shall list the date*
33 *the notification was received by the department, a brief description*
34 *of the proposed activity, and the location of the activity. Each item*
35 *shall remain on the log for one year. Upon written request by any*
36 *person, a regional office shall send the log to that person monthly*
37 *for one year. A request made pursuant to this clause may be*
38 *renewed annually.*
39 (B) The department determines that the activity may
40 substantially adversely affect an existing fish or wildlife resource

1 and issues a final agreement to the entity that includes reasonable
2 measures necessary to protect the resource, and the entity conducts
3 the activity in accordance with the agreement.

4 (C) A panel of arbitrators issues a final agreement to the entity
5 in accordance with subdivision (b) of Section 1603, and the entity
6 conducts the activity in accordance with the agreement.

7 (D) The department does not issue a draft agreement to the
8 entity within 60 days from the date notification is complete, and
9 the entity conducts the activity ~~in accordance with~~ *as described in*
10 the notification, including any measures *in the notification* that are
11 intended to protect fish and wildlife resources.

12 (b) (1) If an activity involves the routine maintenance and
13 operation of water supply, drainage, flood control, or waste
14 treatment and disposal facilities, notice to and agreement with the
15 department shall not be required after the initial notification and
16 agreement, unless the department determines ~~any one~~ *either* of the
17 following:

18 (A) The work described in the agreement has substantially
19 changed.

20 (B) Conditions affecting fish and wildlife resources have
21 substantially changed, and those resources are adversely affected
22 by the activity conducted under the agreement.

23 ~~(C) The agreement otherwise needs to be modified to protect~~
24 ~~fish and wildlife resources.~~

25 (2) This subdivision applies only if notice to, and agreement
26 with, the department was attained prior to January 1, 1977, and the
27 department has been provided a copy of the agreement *or other*
28 *proof of the existence of the agreement that satisfies the*
29 *department, if requested.*

30 (c) It is unlawful for any person to violate this chapter.

31 1603. (a) After the notification is complete, the department
32 shall determine whether the activity may substantially adversely
33 affect an existing fish and wildlife resource. If the department
34 determines that the activity may have that effect, the department
35 shall provide a draft agreement to the entity within 60 days after
36 the notification is complete. The draft agreement shall describe the
37 fish and wildlife resources that the department has determined the
38 activity may substantially adversely affect and include measures
39 to protect those resources. The department's description of the
40 affected resources shall be specific and detailed, and the

1 department shall make available, upon request, the information
2 upon which its determination of substantial adverse effect is based.
3 Within 30 days of the date of receipt of the draft agreement, the
4 entity shall notify the department whether the measures to protect
5 fish and wildlife resources in that draft agreement are acceptable.
6 If the department's measures are not acceptable, the entity shall so
7 notify the department in writing and specify the measures that are
8 not acceptable. Upon written request, the department shall meet
9 with the entity within 14 days of the date the department receives
10 the request for the purpose of resolving any disagreement
11 regarding those measures. If the entity fails to respond ~~in writing~~,
12 *in writing*, within 90 days of receiving the draft agreement, the
13 department may withdraw that agreement, and require the entity
14 to resubmit a notification to the department before commencing
15 the activity.

16 (b) If mutual agreement is not reached at any meeting held
17 pursuant to subdivision (a), the entity may request, in writing, the
18 appointment of a panel of arbitrators to resolve the disagreement.
19 A panel of arbitrators shall be appointed within 14 days of receipt
20 of the written request. The panel of arbitrators shall be comprised
21 of three persons, as follows: one representative selected by the
22 department; one representative selected by the affected entity; and
23 a third person mutually agreed upon by the department and the
24 entity, who shall serve as the panel chair. If the department and the
25 entity cannot agree on the third person within that 14-day period,
26 the third person shall be appointed in the manner provided by
27 Section 1281.6 of the Code of Civil Procedure. The third person
28 shall have scientific expertise relevant to the fish and wildlife
29 resources that may be substantially adversely affected by the
30 activity proposed by the entity *and to the measures proposed by the*
31 *department to protect those resources*. The authority of the panel
32 of arbitrators is limited to resolving disagreements regarding the
33 measures specified in subdivision (a), and subdivisions (b) and (g)
34 of Section 1605, and, in the case of an extension, whether or not
35 the agreement needs to be modified to protect fish and wildlife
36 resources. Any decision by the panel of arbitrators shall be *issued*
37 *within 14 days from the date the panel was established, shall be*
38 binding on the department and the affected entity, shall be based
39 on the best scientific information reasonably available at the time
40 of the arbitration, and, except for a decision to extend an agreement

1 without modification, shall be made in the form of a final
2 agreement. The final agreement issued by the panel shall also
3 include, without modification, all measures that were not subject
4 to arbitration. Each party shall pay the expenses of their selected
5 representative and pay one-half the expenses of the third person.

6 1604. Any party affected by a decision made by an arbitration
7 panel pursuant to this chapter may petition a court of competent
8 jurisdiction for confirmation, correction, or vacation of the
9 decision in accordance with Chapter 4 (commencing with Section
10 1285) of Title 9 of Part 3 of the Code of Civil Procedure.

11 1605. (a) (1) Except as otherwise provided in this section,
12 the term of an agreement shall not exceed five years.

13 (2) Notwithstanding paragraph (1), after the agreement
14 expires, the entity shall remain responsible for implementing any
15 mitigation or other measures specified in the agreement to protect
16 fish and wildlife resources.

17 (b) Any entity may request one extension of a
18 previously-approved agreement, if the entity requests the
19 extension prior to the expiration of its original term. The
20 department shall grant the extension unless it determines that the
21 agreement requires modification because the measures contained
22 in the agreement no longer protect the fish and wildlife resources
23 that the activity may substantially adversely affect. In the event the
24 department makes that determination, the department shall
25 propose measures intended to protect those resources.

26 (c) If the entity disagrees with the department's determination
27 that the agreement requires modification to protect fish and
28 wildlife resources or with the measures proposed by the
29 department, the disagreement shall be resolved pursuant to the
30 procedures described in subdivision (b) of Section 1603.

31 (d) The department may not extend an agreement for more than
32 five years.

33 (e) (1) An original agreement shall remain in effect until the
34 department grants the extension request, or new measures are
35 imposed to protect fish and wildlife resources by agreement or
36 through the arbitration process.

37 (2) Notwithstanding paragraph (1), an original agreement may
38 not remain in effect for more than one year after its expiration date.

39 (f) If the entity fails to submit a request to extend an agreement
40 prior to its expiration, the entity shall submit a new notification

1 before commencing or continuing the activity covered by the
2 agreement.

3 (g) Notwithstanding paragraph (1) of subdivision (a), the
4 department may issue an agreement, *that otherwise meets the*
5 *requirements of this chapter*, for a term longer than five years if the
6 following conditions are satisfied:

7 (1) The information the entity provides to the department in its
8 ~~notification is, at a minimum, as complete as a notification for an~~
9 ~~agreement of less than five years. notification meets the~~
10 ~~requirements of paragraph (1) of subdivision (a) of Section 1602.~~

11 (2) The entity agrees to provide a status report to the
12 department every four years. The status report shall be delivered
13 to the department ~~within 60 days of~~ *no later than 90 days prior to*
14 the end of each four-year period, and shall include all of the
15 following information:

16 (A) A copy of the original agreement.

17 (B) The status of the activity covered by the agreement.

18 (C) An evaluation of the success or failure of the measures in
19 the agreement to protect the fish and wildlife resources that the
20 activity may substantially adversely affect.

21 (D) A discussion of any factors that could increase the
22 predicted adverse impacts on fish and wildlife resources, and a
23 description of the resources that may be adversely affected.

24 (3) The department shall review the four-year status report, and
25 conduct an onsite inspection to confirm that the entity is in
26 compliance with the agreement and that the measures in the
27 agreement continue to protect the fish and wildlife resources. If the
28 department determines that the measures in the agreement no
29 ~~longer protect fish and wildlife resources, the department, in~~
30 ~~consultation with the entity, shall impose new measures to protect~~
31 ~~fish and wildlife resources. If, within 30 days of receipt of the new~~
32 ~~proposed measures, the entity notifies the department, in writing,~~
33 ~~that the measures are not acceptable, the disagreement shall be~~
34 ~~resolved pursuant to the procedures described in subdivision (b)~~
35 ~~of Section 1603. Upon receiving notification from the department~~
36 ~~that new measures will be imposed, the entity may not continue the~~
37 ~~activity beyond 60 days from the day of the notification, until the~~
38 ~~department issues an amended agreement that incorporates the~~
39 ~~new measures or an arbitration panel has issued a final agreement.~~
40 *longer protect the fish and wildlife resources that are being*

1 substantially adversely affected by the activity, the department, in
2 consultation with the entity, and within 45 days of receipt of the
3 report, shall impose one or more new measures to protect the fish
4 and wildlife resources affected by the activity. If requested to do so
5 by the entity, the department shall make available the information
6 upon which it determined the agreement no longer protects the
7 affected fish and wildlife resources. If the entity disagrees with one
8 or more of the new measures, within seven days of receiving the
9 new measures, it shall notify the department, in writing, of the
10 disagreement. The entity and the department shall consult
11 regarding the disagreement. The consultation shall be completed
12 within seven days after the department receives the entity's notice
13 of disagreement. If the department and entity fail to reach
14 agreement, the entity may request, in writing, the appointment of
15 a panel of arbitrators to resolve the disagreement. The panel of
16 arbitrators shall be appointed within 14 days of the completed
17 consultation. The panel of arbitrators shall issue a decision within
18 14 days of the date it is established. All other provisions of
19 subdivision (b) of Section 1603 regarding the panel shall apply to
20 any arbitration panel established in accordance with this
21 subdivision. If the entity fails to provide timely status reports as
22 required by this subdivision, the department may suspend or
23 revoke the agreement.

24 (4) The agreement shall authorize department employees to
25 conduct onsite inspections relevant to the agreement, upon
26 reasonable notice. *Nothing in this section limits the authority of*
27 *department employees to inspect private or public sites.*

28 (5) *Except as provided in paragraph (3), subparagraph (D) of*
29 *paragraph (4) of subdivision (a) of Section 1602 and the time*
30 *periods to process agreements specified in this chapter do not*
31 *apply to agreements issued pursuant to this section.*

32 (h) *Each region of the department shall log the notifications of*
33 *activities for which a long term agreement is being considered*
34 *pursuant to subdivision (g). The log shall list the date the*
35 *notification was received by the department, a brief description of*
36 *the proposed activity, and the location of the activity. Each item*
37 *shall remain on the log for one year. Upon written request by any*
38 *person, a regional office shall send the log to that person monthly*
39 *for one year. A request made pursuant to this paragraph may be*
40 *renewed annually.*

1 1606. The department shall not condition the issuance of an
2 agreement on the receipt of another local, state, or federal permit.

3 1607. Any time period prescribed in this chapter may be
4 extended by mutual agreement.

5 1608. The department shall provide any entity that submits a
6 notification pursuant to Section 1602 with all of the following
7 information:

8 (a) The time period for review of the notification.

9 (b) An explanation of the entity's right to object to any
10 measures proposed by the department.

11 (c) The time period within which objections may be made in
12 writing to the department.

13 (d) The time period within which the department is required to
14 respond, in writing, to the entity's objections.

15 (e) An explanation of the right of the entity to arbitrate any
16 measures in a draft agreement.

17 (f) The procedures and statutory timelines for arbitration,
18 including, but not limited to, information about the payment
19 requirements for arbitrator fees.

20 (g) The current schedule of fees to obtain an agreement.

21 1609. (a) The director may establish a graduated schedule of
22 fees to be charged to any entity subject to this chapter. The fees
23 charged shall be established in an amount necessary to pay the total
24 costs incurred by the department in administering and enforcing
25 this chapter, including, but not limited to, preparing and
26 submitting agreements and conducting inspections. The
27 department may adjust the fees pursuant to Section 713. Fees
28 received pursuant to this section shall be deposited in the Fish and
29 Game Preservation Fund.

30 (b) (1) The fee schedule established pursuant to subdivision
31 (a) may not impose a fee that exceeds five thousand dollars
32 (\$5,000) for any agreement.

33 (2) The fee ~~amount~~ limitation described in paragraph (1) does
34 not apply to any agreement issued pursuant to subdivision (g) of
35 Section 1605.

36 1610. (a) Except as provided in subdivision (b), this chapter
37 does not apply to any of the following:

38 (1) Immediate emergency work necessary to protect life or
39 property.

(2) Immediate emergency repairs to public service facilities necessary to maintain service as a result of a disaster in an area in which a state of emergency has been proclaimed by the Governor pursuant to Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code.

(3) Emergency projects undertaken, carried out, or approved by a state or local governmental agency to maintain, repair, or restore an existing highway, as defined in Section 360 of the Vehicle Code, within the existing right-of-way of the highway, that has been damaged as a result of fire, flood, storm, earthquake, land subsidence, gradual earth movement, or landslide, within one year of the damage. Work needed in the vicinity above and below a highway may be conducted outside of the existing right-of-way if it is needed to stop ongoing or recurring mudslides, landslides, or erosion that pose an immediate threat to the highway, or to restore those roadways damaged by mudslides, landslides, or erosion to their predamage condition and functionality. This paragraph does not exempt from this ~~section~~ *chapter* any project undertaken, carried out, or approved by a state or local governmental agency to expand or widen a highway damaged by fire, flood, storm, earthquake, land subsidence, gradual earth movement, or landslide. The exception provided in this paragraph does not apply to a highway designated as an official state scenic highway pursuant to Section 262 of the Streets and Highways Code.

(b) The entity performing the emergency work described in subdivision (a) shall notify the department of the work, in writing, within 14 days of beginning the work. Any work described in the emergency notification that does not meet the criteria for the emergency work described in subdivision (a) is a violation of this chapter if the entity did not first notify the department in accordance with Section 1602.

1611. (a) An entity that submits a timber harvesting plan in accordance with Section 4581 of the Public Resources Code or directly to the department is deemed to have given the notification required by Section 1602, as long as the following information is included in the plan:

(1) The volume, type, and equipment to be used in removing or displacing any one or combination of soil, sand, gravel, or boulders.

1 (2) The volume of water, intended use, and equipment to be
2 used in any water diversion or impoundment, if applicable.

3 (3) The equipment to be used in road or bridge construction.

4 (4) The type and density of vegetation to be affected and an
5 estimate of the area involved.

6 (5) A diagram or sketch of the location of the operation that
7 clearly indicates the stream or other water and access from a named
8 public road. Locked gates shall be indicated and the compass
9 direction shall be shown.

10 (6) A description of the period of time in which operations will
11 be carried out.

12 (b) Notwithstanding subdivision (a), the department is not
13 required to *determine whether the notification is complete or*
14 *otherwise* process the notification until the timber harvesting plan
15 and the proper notification fee have both been received by the
16 department.

17 (c) *Nothing in this section requires the department to issue an*
18 *agreement fewer than 60 days from the date the notification is*
19 *complete.*

20 (d) The date on which the term of an agreement issued pursuant
21 to this section begins shall be the date timber operations first
22 commence, unless the agreement specifies a later beginning date.

23 1612. The department may suspend or revoke an agreement
24 at any time if it determines that an entity is not in compliance with
25 the terms of the agreement *or fails to provide timely status reports*
26 *as required by subdivision (g) of Section 1605.* The department
27 shall adopt regulations establishing the procedure for suspension
28 or revocation of an agreement. The procedure shall require the
29 department to provide to the entity a written notice that explains
30 the basis for a suspension or revocation, and to provide the entity
31 with an opportunity to correct any deficiency before the
32 department suspends or revokes the agreement.

33 ~~1613. This chapter does not require the department to process~~
34 ~~a notification or issue the agreement if one or both of the following~~
35 ~~occur:~~

36 ~~(a) The department notifies the entity, in writing, that the entity~~
37 ~~is in violation of, or the activity described in the notification~~
38 ~~violates, any provision of the Fish and Game Code or the~~
39 ~~regulations adopted to implement that code. If the department~~
40 ~~provides that notice to the entity, the department shall have one~~

~~year to refer the violation to the Office of the Attorney General, district attorney, or city attorney for prosecution if the violation is not remedied. If the department fails to refer the violation within one year from the date it notifies the entity of the violation, the department shall process the notification in accordance with the procedures established in Section 1603 unless the entity withdraws the notification. Nothing in this section limits the department's authority to refer, or otherwise prosecute, the violation at any time after the expiration of that one-year period.~~

~~(b) A state or federal government agency has notified the department, in writing, that the entity is in violation of, or the activity described in the notification violates, another state statute or a federal statute that has as its purpose the protection of fish and wildlife resources. If the department provides this notice to the entity, the department shall process the notification in accordance with the procedures established in Section 1603 after receiving notice, in writing, from the state or federal government agency that the violation has been remedied, unless the entity withdraws the notification.~~

1613. If after receiving a notification, but before the department executes a final agreement, the director of the department informs the entity, in writing, that the activity described in the notification, or any activity or conduct by the entity directly related thereto, violates any provision of this code or the regulations that implement the code, the department may suspend processing the notification and subparagraph (D) of paragraph (4) of subdivision (a) of Section 1602 and the timelines specified in Section 1603 do not apply. This section ceases to apply if any of the following occurs:

(a) The department determines that the violation has been remedied.

(b) Legal action to prosecute the violation is not filed within the applicable statute of limitations.

(c) Legal action to prosecute the violation has been terminated.

1614. If the entity is required to perform work subject to this chapter pursuant to a court or administrative order or notice, the entity shall include the measures proposed by the department to protect fish and wildlife resources in the agreement. Those measures are not subject to arbitration.

1 1615. (a) A person who violates this chapter is subject to a
2 civil penalty of not more than twenty-five thousand dollars
3 (\$25,000) for each violation.

4 (b) The civil penalty imposed pursuant to subdivision (a) is
5 separate from, and in addition to, any other civil penalty imposed
6 pursuant to this section or any other provision of the law.

7 (c) In determining the amount of any civil penalty imposed
8 pursuant to this section, the court shall take into consideration all
9 relevant circumstances, including, but not limited to, the nature,
10 circumstance, extent, and gravity of the violation. In making this
11 determination, the court may consider the degree of toxicity and
12 volume of the discharge, the extent of harm caused by the
13 violation, whether the effects of the violation may be reversed or
14 mitigated, and, with respect to the defendant, the ability to pay, the
15 effect of any civil penalty on the ability to continue in business, any
16 voluntary cleanup efforts undertaken, any prior history of
17 violations, the gravity of the behavior, the economic benefit, if any,
18 resulting from the violation, and any other matters the court
19 determines that justice may require.

20 (d) Every civil action brought under this section shall be
21 brought by the Attorney General upon complaint by the
22 department, or by the district attorney or city attorney in the name
23 of the people of the State of California, and any actions relating to
24 the same violation may be joined or consolidated.

25 (e) (1) In any civil action brought pursuant to this chapter in
26 which a temporary restraining order, preliminary injunction, or
27 permanent injunction is sought, it is not necessary to allege or
28 prove at any stage of the proceeding any of the following:

29 (A) That irreparable damage will occur if the temporary
30 restraining order, preliminary injunction, or permanent injunction
31 is not issued.

32 (B) That the remedy at law is inadequate.

33 (2) The court shall issue a temporary restraining order,
34 preliminary injunction, or permanent injunction in a civil action
35 brought pursuant to this chapter without the allegations and
36 without the proof specified in paragraph (1).

37 (f) All civil penalties collected pursuant to this section shall not
38 be considered fines or forfeitures as defined in Section 13003, and
39 shall be apportioned in the following manner:

1 (1) Fifty percent shall be distributed to the county treasurer of
2 the county in which the action is prosecuted. Amounts paid to the
3 county treasurer shall be deposited in the county fish and wildlife
4 propagation fund established pursuant to Section 13100.

5 (2) Fifty percent shall be distributed to the department for
6 deposit in the Fish and Game Preservation Fund. These funds may
7 be expended to cover the costs of any legal actions or for any other
8 law enforcement purpose consistent with Section 9 of Article XVI
9 of the California Constitution.

10 1616. Any agreement ~~executed by the department or any~~
11 *memorandum of understanding executed by the department*
12 *pursuant to this chapter* prior to January 1, 2004, shall be subject
13 to, and shall be governed by, the provisions of this chapter that
14 were in existence prior to that date. *This section does not apply to*
15 *paragraph (2) of subdivision (b) of Section 1602, requiring an*
16 *entity to provide a copy or other satisfactory evidence of an*
17 *agreement attained prior to January 1, 1977, upon the request of*
18 *the department.*

19 SEC. 3. No reimbursement is required by this act pursuant to
20 Section 6 of Article XIII B of the California Constitution because
21 the only costs that may be incurred by a local agency or school
22 district will be incurred because this act creates a new crime or
23 infraction, eliminates a crime or infraction, or changes the penalty
24 for a crime or infraction, within the meaning of Section 17556 of
25 the Government Code, or changes the definition of a crime within
26 the meaning of Section 6 of Article XIII B of the California
27 Constitution.
